1. A bend is a curved line.

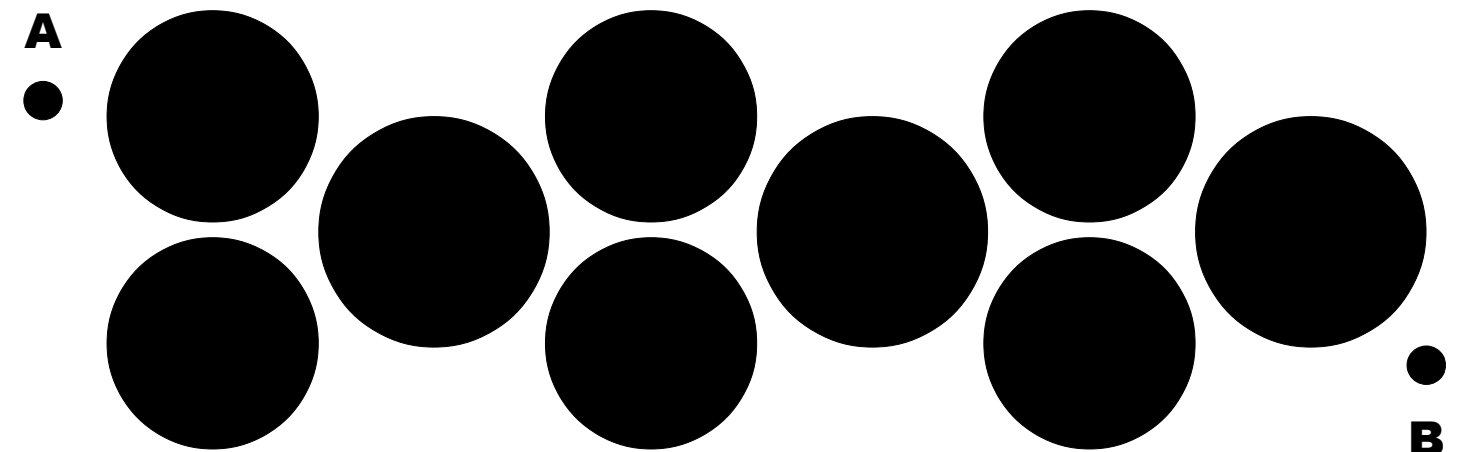

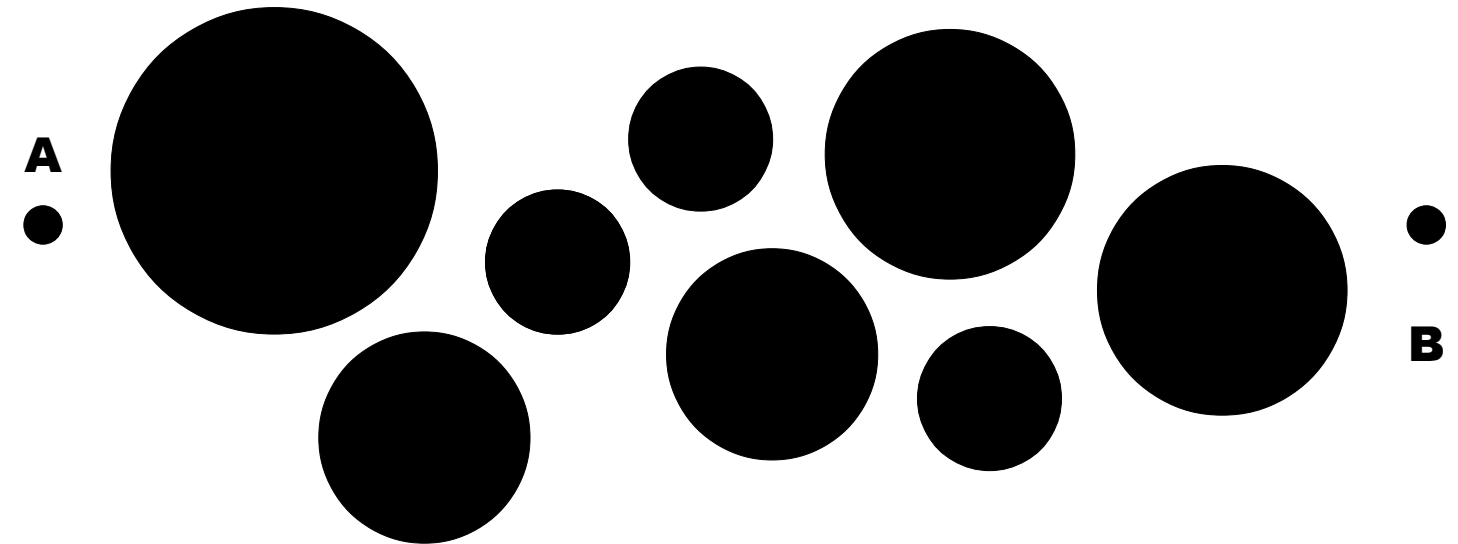

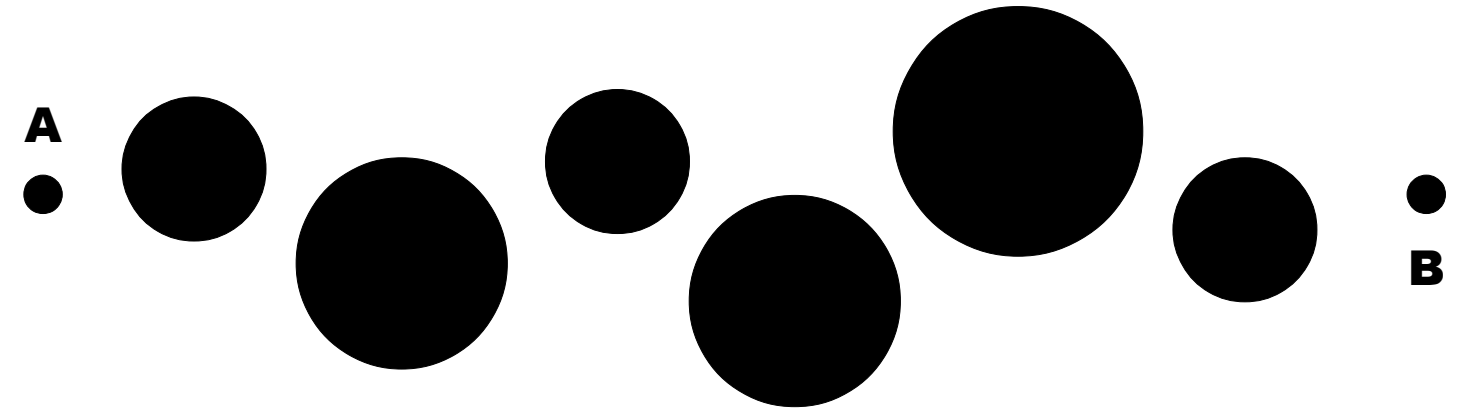

Here is a line with two bends.

2. Connect Point A to Point B, without touching any circles!

3.

4. Draw a line with five (5) bends, connecting Point A to Point B.

A

B

5. Connect Points A to B, B to C, C to D and D to A. Form bends as you connect the points. A loop is formed when the start and end of the line meet.

A

B

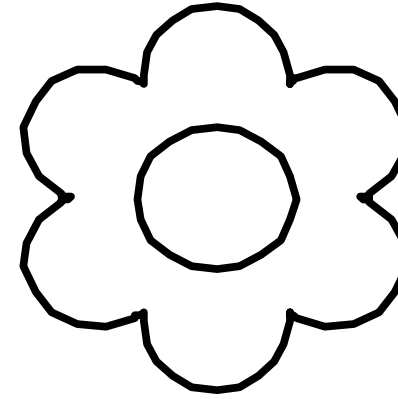

D

C

6. Flower petals can be represented with many bends. Draw a few flowers with their petals below.

7. Clouds can be represented with many bends. Draw a few clouds below.
